

"The Men's Store."

A Statement from Kleinmaier's.

Yes, Prices Are Lower Now—

From 35 to 50 per cent. lower than a year ago by actual comparison;

But the VALUE you get still depends on one of two things—your own judgment or the reliability of the store you buy from. That's why we say "Compare."

For almost 40 years the Kleinmaier store has brought to the people around Marion, the finest goods at the fairest prices. Our values this season, by comparison, are making

Our Reputation Greater Than Ever.

JOHN STOLL SHOE CO.

Oh, It Washes Everything!

Charming little afternoon gowns, voiles, dotted Swiss and even hand worked underthings are just as safe in the Crystal as the coarser household fabrics.

Because the Crystal cylinder turns only in one direction through the steaming, bubbling suds, it washes with an easy gentleness. And the scientific construction of its interior assures a thorough cleansing in 15 minutes or less.

Because of this One Way principle, the Crystal is a superior washing machine—silent, strong, simple, thoroughgoing and gentle.

We are ready to install a Crystal in your home. Terms can be arranged. Tell the Man!

We have another lot of those pretty calendars that were given away here at Christmas time—copies of the Maxfield Parrish painting. Come in and get yours.

GACKENBACH GOES TO OHIO PENITENTIARY

Sheriff and Police Chief Take Prisoner This Morning.

DECLINES TO TALK ABOUT BOONE SLAYING

Condemned Man Appears in a Good Humor—Asks Mother To Visit Him in Prison.

John C. Gackenbach, sentenced by Judge Grant E. Mouser Saturday morning to pay the death penalty in the electric chair on the morning of June 20 for the murder of Joseph Charles Boone, was taken to the Ohio penitentiary at Columbus today by Sheriff Frank A. Washburn and Police Chief J. W. Thompson. The officers were accompanied by E. C. Mackan and D. A. Washam, the trip being made by automobile. The party did not get away from the jail until 11:15 o'clock this morning as a result of some delay on the part of the prosecutor in making out the necessary papers and getting the death warrant ready.

When Chief J. W. Thompson and a reporter entered the jail, while the sheriff remained outside of the door, Gackenbach asked if they were ready to start. All that was required to complete his dress was the putting on of his necktie and Charles H. Foreman, another prisoner, put the tie on for him. He had no outer coat of any kind and an overcoat was furnished him by Sheriff Washburn.

Tells Prisoners Goodbye. After his tie was adjusted he made the rounds of the jail and bid goodbye to the other prisoners. He appeared in a good humor and conversed with the reporter and chief. He carried a Bible which he said was sent to him by his mother and which he said he was going to return to her later. He said his mother and a sister, which comprised his family, were in Franklin, Pennsylvania.

When asked if Baker was not as deep in the crime as he was, Gackenbach replied to the reporter "I do not want to say anything." He identified the suitcase and clothing that were in his possession when arrested as his property and these were taken along. Gackenbach said he wrote his mother asking her to come to the penitentiary this month to see him and that he expected her soon. There was a large crowd around the jail when he entered the automobile and he was laughing as the machine was about to start and bade another farewell to the reporter with whom he had conversed.

DOUGLASS BREUNINGER DIES OF PNEUMONIA

Father Chaplain in Army of Occupation in Germany.

Douglas John Breuninger, infant son of Rev. and Mrs. J. C. Breuninger died Sunday afternoon at the home of his grandparents, Mr. and Mrs. J. D. Wike, of No. 883 east Center street following a four-days illness of flu and double pneumonia. He was born in this city, April 9, 1919 and was an only child. The father is a chaplain with the army of occupation and is located at Andernach, Germany. He has been overseas for more than two years.

The funeral will be held Tuesday afternoon at 2 o'clock from the Nazarene church and will be in charge of Rev. H. G. Trumbauer, assisted by Rev. J. W. Henry, of Akron, a former pastor. Burial will be made in the Marion cemetery.

JOHN J. BLACKBURN DIES SUNDAY MORNING

Senile Gangrene, Due to Infirmities of Age, Cause.

John J. Blackburn, aged seventy-four years, died from senile gangrene, due to the infirmities of age, at the home of his daughter, Mrs. H. A. Elliott, No. 306 Waterloo street, Sunday morning at 7:45 o'clock. He had been ill since December, but bed-fast only a week.

Mr. Blackburn was born May 29, 1847, in Athens county, and had resided here about forty years. He was twice married, both wives preceding him in death. His last wife died thirteen years ago last July. A son, C. Melvin Blackburn, of White Sulphur, and the daughter, Mrs. Elliott, with whom he resided; three step-children, Mamie Blackburn, of White Sulphur; Mrs. W. D. Chronister, of Monrovia, California, and Harry L. Armstrong, of this city, and one sister, Mrs. Maria Copeland, of Stewart, Athens county, survive.

The funeral will be held at the International Holiness church on York street, which Mr. Blackburn attended, tomorrow afternoon at 2 o'clock. Rev. Moses Parker will conduct the services assisted by Mrs. J. T. Maffin. Interment will be made in the Marion cemetery.

MISS ROSETTA CLARK WEDS H. F. ALTENBERGER

Rev. C. A. Allen Says Ceremony Saturday Evening.

Miss Rosetta Mae Clark, of Marion county, and Harold Franklin Altenberger, of Marion, were married by Rev. C. A. Allen, of the Calvary Evangelical church, at the parsonage on east Church street at 8 o'clock Saturday evening. The ring ceremony was used. The young couple will make their home on Wilson avenue. Mr. Altenberger is employed by the Erie railroad company.

SCHAFFNER'S
DEPENDABLE
FURNITURE
SINCE 1866

Dependable Furniture

means much to those who want satisfaction.

Fifty-six years of refusing to handle furniture which is of such cheap quality that it will not give service, have earned for us the confidence of those who want good furniture.

It is surprising to know that this furniture of ours is really not expensive.

H. Schaffner & Co.
DEPENDABLE FURNITURE SINCE 1866

CANAL THROUGH THE HOLY LAND

"Give Me Two If It's Shredded Wheat"

Of course he wants two Biscuits—some boys will eat five or six at a sitting and then ask for more—it is so deliciously satisfying and strengthening.

Shredded Wheat

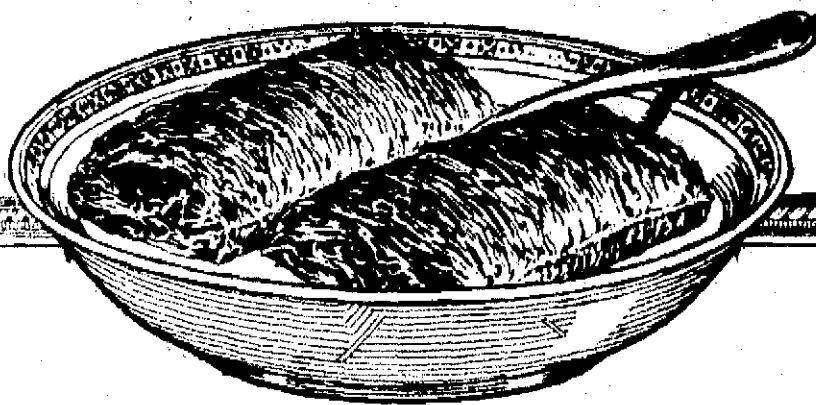

is better than mushy porridges because the tasty crispness of the baked wheat encourages thorough chewing which develops sound teeth. Give the youngsters all they want. It is a real whole wheat food and is ready-cooked and ready-to-eat. So easy to prepare a delicious, nourishing meal in a few minutes.

For a warm, nourishing meal heat two Biscuits in the oven to restore their crispness; pour hot milk over them, adding a little cream and a dash of salt. Delicious with sliced bananas, prunes, raisins or canned fruits.

TRISCUIT is the Shredded Wheat cracker—real whole wheat toast—and is eaten with butter or soft cheese.

Send two-cent stamp for copy of our new book, "The Happy Way to Health," which tells how to keep healthy and strong and how to prevent many ailments and diseases by eating the right kind of food.

The Shredded Wheat Company, Niagara Falls, N. Y.

COUNTY FEDERATION OF CHURCHES ORGANIZED

Rev. John D. Green, Caladonia, Named President.

JOHN H. CLARK ELECTED
FIRST VICE PRESIDENT

Cooperative Churches To Be
Asked One Cent a Year
from Each Member.

A County Federation of Churches was organized this morning at a meeting of ministers and laymen of the county churches in the Y. M. C. A. building. Officers elected for the year are Rev. John D. Green, of Caladonia, president; John H. Clark, first vice president; W. P. Kuttin, of LaBue, second vice president; Miss Donna Wilson, recording secretary; M. L. McDaniel, treasurer; Dr. L. L. Strick, Rev. John D. Green and Rev. C. L. Allen were appointed to serve on the constitution committee.

It was voted that the cooperative churches would be asked to donate the sum of one cent a year for each member to defray the expenses of the organization. The purpose of the federation is to promote cooperation among the churches of the county for evangelistic and civic work and to assist in the work of religious education.

DAVIS TRIES TO STOP A STRIKE

Continued from Page One.

will carry the country along comfortably for a considerable period. "These facts are so apparent," said a high official today, "that the administration can only believe that both sides are endeavoring to bring on a strike."

Pomerene to Vote For Treaties.

Washington, March 13.—In a letter to Joseph Daniels, former secretary of the navy, Senator Pomerene made known for the first time his intention to vote for the arms conference treaties.

NEWS OF THE STATE

Burns Cause Death.

Middletown, O., March 12.—The 10-year-old daughter of George Schell, living east of here, died from burns received while playing with matches and coal oil.

Miners Walk Out.

Athens, O., March 12.—Nearly 100 miners, employed by the Black Diamond Coal company at Ladbey, Athens county, struck when the company discharged a check workman. The mine has been running an average of three days per week.

Steel Mills More Active.

Youngstown, O., March 12.—The total payroll of steel mills here during February was \$2,383,100. It was announced by bankers, an increase of approximately \$100,000 over the January payroll. In February, 1921, the total was \$2,289,711 and in the same month in 1920 it was \$1,857,712.

Aid Families of Miners.

Athens, O., March 12.—Ohio university girls are serving the coal mining communities in southern Ohio, according to a report of Dean Voigt, issued here. The college girls have undertaken to do educational and social work in each community for women and children.

Killed in Auto Crash.

Columbus, Nov. 12.—Frederick J. Seeger, 22, draftsman of this city, was killed when an auto in which he had been a passenger crashed into a pole and upset. Two companions, James H. Hale, 25, who drove, and Conrad Snyder, 24, Seeger's uncle, were arrested.

Convicted of Murder.

Lima, O., March 12.—A verdict of guilty of murder in the first degree with a recommendation of mercy was returned by the jury, which tried Harold Nierengarten, 20-year-old Lima boy, for the slaying of Joe Scott Kershaw, Lima war hero, last November, near Wapakoneta. The jury had been out 12 hours.

Probing Fire.

Athens, O., March 12.—Fire which did damage estimated at \$40,000 in the old First National Bank building was believed by officials to have originated from the explosion of a still in a room in the building. Officials say they found a liquor manufacturing outfit in the ruins and have arrested W. C. Foster, a livery stable employee, in connection with the investigation.

When you hear of a man without friends you may be reasonably sure that he is also without money.

MEXICO TO PUT DOWN REVOLT

Continued from Page One.

Attended grand jury proceedings against Governor Vadillo with a view to removing him from office.

The state of Puebla, which was the scene several weeks ago of armed resistance against the state government of Jose Maria Sanchez, apparently has returned to normal after the ousting of Sanchez and the substitution of Freyhan C. Manjares as provisional governor.

Troops under General Guadalupe Sanchez battled with the rebels of Miguel Aleman at Lomaxitla, state of Vera Cruz, Saturday, and succeeded in driving the rebels farther into the hills, says an official report based today.

BIG BATTLE IN SOUTH AFRICA

Continued from Page One.

meat troops under General Bull. General Van Dyver's government forces are crowding back the rebels.

Heavy fighting is anticipated in the Beaufort and Boksburg regions. Continuous attacks with airplanes are being carried out against the revolutionaries. The rebels are being bombed and fired upon with machine guns.

Trench warfare is threatened in the Potburg sector. The rebels hold the town and have thrown up earthworks all around it. Houses at Beaufort and Boksburg have been fired in reprisal for the bombing of strikers.

Rebellion All Over Empire.

London, March 12.—Four sections of the British empire today are seething with political unrest. They are South Africa, India, Egypt and Ireland.

Open rebellion has been proclaimed. A state of actual warfare exists in the Rand mine fields of South Africa, where government troops are trying to put down the uprising. Disorders are reported from India where Mohandas Gandhi, chief leader of the nationalists, is under arrest. Political reforms pronounced

to Egypt have, for the time being, allayed fighting in that quarter. A strong fraction of the Irish republican army is supporting Eamon de Valera in his demand for a republic in Ireland. Three of the British overseas dominions remain tranquil as Canada, Australia and New Zealand.

President To Make Statement. London, March 12.—That President Lloyd George will make a statement in parliament upon the political unrest in India as soon as he returns from his vacation at Criceth, Wales, was intimated today. Address from the Welsh town quoted the premier as saying that he "could only answer the assertions of E. S. Montagu, former secretary of India, upon the floor of the house of commons."

It is understood that Mr. Montagu's resignation was forced by the premier because of the former's pro-Muslim policy.

Riot Follows Arrest. London, March 12.—A dispatch to the London Times from Lucknow, dated Saturday, reports the first fatalities arising from the troubles in the agricultural districts in the United provinces. These occurred in the Hardoi district, where two rioters were killed and others were wounded. In addition a sub-inspector was wounded when the police fired on a mob.

The police officials were investigating alleged outrages against a local landowner when rioters attacked them, and also burned the landowner's house.

Mohandas K. Gandhi and Bhaukerkar, a banker, were arraigned before a magistrate at Ahmedabad Saturday, says a dispatch to the Exchange Telegraph from Bombay. The prosecution described letters written by Gandhi in "Young India" as having caused disaffection against the government.

Both the accused men said they would plead guilty at the proper time but that they would desire to cross-examine witnesses and to open their defense. They were committed for trial, which is expected to begin promptly and to conclude within a fortnight.

Rebel Prisoners Total 2,200.

London, March 12.—The total rebel prisoners captured by the government forces in the South African mine fields is 2,200, said a dispatch from Johannesburg this afternoon, quoting an official communique issued by General Smuts, the South African premier, who is directing in person the military operations against the revolutionaries.

JUNIOR MASONIC ORDER ADDED TO MARION BODIES

Toledo Chapter Institutes Marion Organization Saturday.

CONFERS TWO DEGREES ON SEVENTY-EIGHT

Work as Given by Toledo Boys Is Most Impressive—To Meet Saturday Nights.

A new Junior Masonic order was added to the local Masonic bodies Saturday night when the Order of DeMolay was instituted at the Masonic temple in the conferring of the initiatory degree and the degree of the Initiatory degree and the degree of the Initiatory degree.

The new chapter was instituted by the Ohio chapter of DeMolay from Toledo, the work being put on in a most creditable manner by the team and officers composed of William R. Messers, master, chancellor, George J. Hosen, senior chancellor, Glen M. Chandler, junior chancellor, Charles Butler, senior deacon, Norman T. Ball, junior deacon, Thomas R. Crowder, Jr., senior steward, Lawrence B. Minnick, junior steward, Donald K. Wright, chaplain, Walter J. Ryan, standard bearer, John K. Paepow, sentinel, Richard M. Collins, Leslie E. Haney, C. Gibson, Harlow, Roland E. Leonard, Wilfred C. Schurer, Wayne M. Armstrong, Howard H. Rogers and Winhold H. Wenzel, preceptors. Accompanied by "Dad" Dillon.

The Toledo boys were accompanied by "Dad" Dillon, each chapter must have a man they recognize as "dad" and Henry L. Dillon, of Toledo, is "dad" of that chapter. The boys arrived here over the Hocking Valley Saturday afternoon and were entertained at the temple until the dinner hour when they were taken to the busy life.

The conferring of the degrees began at 7:30 o'clock and was witnessed by about 300 master Masons.

At the close of the work James A. Knapp, presided as toastmaster and short addresses on the impressiveness of the work were given by Asa Queen, master of Marion Lodge, No. 70, Free and Accepted Masons, which will be the governing body of the new order, I. H. Elmon, one of the governing committee for the new chapter, Nelson Vigor, master, chancellor of the Marion chapter of DeMolay, Rev. C. J. Altonbaugh, Charles H. Conley, chairman of the governing committee, and Henry L. Dillon of Toledo.

The work rendered by the Ohio chapter, was most impressive and the manner in which it was given met the approval of every one present. Men who are thoroughly versed with the manner in which degrees are conferred were very favorably impressed by the way the boys conducted the work. The team

MR. EDISON

MAKES AN ANNOUNCEMENT

We are pleased to announce to all Edison owners and prospective owners, that the New Edison Re-Creations are all back to the original pre-war prices—

\$1.35 Records, now . . . \$1.00
\$1.85 Records, now . . . \$1.50
\$2.25 Records, now . . . \$2.00

Newest hits and standard numbers always in stock

THE H. ACKERMAN PIANO CO.

118 South Main

and officers were highly complimented upon their efficiency and local Masons were much pleased with the manner in which the new local order was instituted.

To Continue in Office. The temporary officers chosen a number of weeks ago when a temporary organization was elected, will hold office for three months, new officers being elected every three months. The officers are as follows:

Nelson Vigor, master, counselor, Kenneth Monnette, senior counselor, Gerald Messinger, junior counselor, Lorain Brashares, senior deacon, Almon Starr, junior deacon, Donald Messinger, senior steward, George Crowder, junior steward, Edwin Spohn, chaplain, William Hland, marshal, John McClain, scribe, Robert Sittitt, treasurer, Paul Roush, almoner, Warren Stehler, standard bearer, and Donald Bechtel, sentinel. The preceptors are Harold Varner, Leonard Bachtel, Hui Austin, Donald Sloan, Harold Bratton, Donald Smith and Marion Shetterly.

The members of the Order of DeMolay are sons and brothers of Masons and their chums and every indication points to this local chapter becoming a strong branch of Masons. The members who are admitted between the ages of sixteen and twenty-one years, remain in this order until they become old enough to be eligible to the regular Masonic bodies. They will hold meetings on Saturday nights and the first will be next Saturday evening.

The order, which is spreading very fast all over the United States, is a new branch of the Masons and is gaining favor wherever it has been taken up.

Attend Services. Sunday morning on an invitation extended by Dr. Jesse Swank, the visiting boys from Toledo and Mr. Dillon together with a number of the local members accompanied by James A. Knapp, Charles H. Conley, Don E. J. Brockett and W. C. Selander attended services at the Epworth M. E. church. The boys forty four in number marched in a body to the church and were seated in a reserved section on the west side of the edifice. The visitors left at 1 o'clock for Toledo.

Card of Thanks. We wish to thank all our friends and neighbors for their kindness and sympathy during the sickness and death of our beloved son and brother. Also for the beautiful floral of bouquets. Mr. and Mrs. J. H. Rice and family. —Adv. 1p

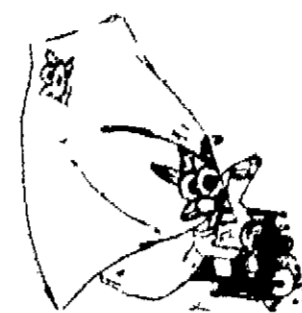

Must a man will own up to one bad habit in order to conceal a worse.

A GOOD TONIC FOR OLD PEOPLE

Gude's Pepto-Mangan Restores Strength and Prevents Illness.

Aged people often need good blood tonic. When the blood becomes clogged with poison from the system Gude's Pepto-Mangan purifies it by driving off the waste matter. Good blood is full of vitality and prevents illness, giving the body the power of resistance. The weakness of old people is easily helped by a supply of Gude's Pepto-Mangan. Gude's Pepto-Mangan is sold in liquid or tablet form by all druggists. It has been recommended by physicians for 20 years and is a valuable tonic and builder for the weak and run-down of all ages from childhood to old age. Advertisements.

F. J. Longshore

From Washington to Boston in half a second

THE day this horse starts its ultra-express service between Washington, Philadelphia, New York, Boston and points north and west, the nation starts to save 80,000,000 tons of coal and 500,000,000 dollars a year. This is an electrical horsepower, rushing at the snap of a switch to answer somebody's call for light or power. The course over which it will travel, if present plans develop, is to be known as the Superpower System—designed to connect a vast area into one closely knit electrical community.

The project is just this. As soon as practicable—problems of construction and capital permitting—the electric companies propose to link their power plants together.

Then if a plant faces a sudden demand for service beyond its capacity, it can tie into the main line. The power will be distributed from big "load centers." This centralized production reduces plant duplication, it saves on coal haulage, and it saves enormously on coal consumption.

Obviously, for the 25,000,000 people who live in the area in question, the Superpower System will mean a bigger and better electric service—just as similar systems already in operation have improved the service in various south-eastern, middle-western and Pacific coast states.

But for every American this proposal has a significance; it is one indication of a condition true the country over. The electric light companies are working to improve your service; they are developing far-reaching projects, and planning ahead five, ten, twenty years.

The need for this work bespeaks a growing demand for service—an assured market for what the electric companies have to sell.

This is another way of saying that the securities of these companies are, as a class, sound. You can make a wise investment and at the same time help a work which will help you, by buying some good electric light security.

Number 31 of a series

CHURCH SOCIETY

Revival at Wesley.

Miss Edna M. Banning, noted evangelist of Cleveland, began a three-week evangelistic campaign at Wesley M. E. church yesterday morning. A large audience greeted her both morning and evening. In the morning sermon she spoke on the miracle of the raising of Lazarus.

In the evening she spoke from Hebrews 2:3. She gave a wonderful description of what it means to be saved. Miss Banning will speak each evening this week at 7:30 and Wednesday, Thursday and Friday at 2:30 p. m. All are cordially invited to these services.

Will Start Revival.

Rev. Manley Morton, who has been in Paraguay, South America, doing missionary work for the last five years, spoke on his experiences and results being attained in that field at the morning and evening services at the Central Christian church. In the evening Rev. Mr. Morton illustrated his subject with stereopticon views taken in Paraguay. He has been in America on a year's furlough. He will return to South America in October.

Announcement was made that a series of evangelistic services will begin at Central Christian church next Sunday evening. Rev. J. H. Persinger, of Chicago Avenue church, Columbus, will be the evangelist and the services may continue for two weeks.

Named Administrator.

Rev. John Brinkley pastor of St. Joseph's church at Lakota, has been appointed administrator of St. Mary's church here and will have charge of the parish for the next few months. Rev. Father Brinkley has taken up his residence at the parsonage on north Main street.

The mid-week Lenten devotions will be held Wednesday evening instead of Tuesday evening during the remainder of the season.

"How To Select a Husband" was the sermon subject chosen by Dr. O. F. Laughbaum for the second of a series of sermons Sunday evening at the First United Brethren church. The sermon was based on the first chapter of Ruth and the ninth verse. "Marriage is a subject of supreme importance," Dr. Laughbaum said. "Tremendous issues depend upon it. It is a sad fact that through some reason persons talk about marriage as if it were a subject for perpetual joking. I am disgusted with the minister or layman who lectures to an intelligent audience on the subject of marriage and does it in a frivolous manner. The subject of love, courtship and marriage should be treated solemnly and rationally and never frivolously."

More Than 200 Attend.

Over 200 were in attendance at the session of the Smart Sunday-school class of the Epworth M. E. church Sunday morning. The committee for preparing and serving the monthly dinner to be held in the church basement this evening at 6:30 o'clock was appointed. J. W. Davidson, of the faculty of the Ohio Northern university at Ada, has been secured to deliver the address and the members of the class are invited to bring their friends.

Will Entertain Class.

The Wonder Bible class for young men of Calvary Evangelical church will be entertained at the Y. M. C. A. Tuesday evening at a dinner and program. The hosts will be Harry F. Palmer, class president, M. R. Smith, teacher; A. F. Smith, class treasurer, and C. Z. Zachman, superintendent. A short business session will be followed by a musical program, both instrumental and vocal, by members of the class, which numbers about seventy-five.

Society Names Officers.

W. D. Stanton was elected superintendent, at the meeting of the members of the Intermediate Christian Endeavor society of the First United Brethren church Sunday evening. Other officers elected were Miss Shirley Barnhart, assistant superintendent; Miss Esther Williamson, president; Miss Gladys Williams, vice president; Miss Glenna Wolfe, secretary; Miss Virginia Fowler, assistant secretary; Miss Helen Barnhart, treasurer. Miss Kathleen Belcher was elected pianist; Miss Opal Hill, assistant pianist; Miss Mildred Bolander, chorister; George Barnhart and Elmer Nicholson, librarians.

The meeting was in charge of Miss Mildred Bolander and the topic of the evening was "Habits Good and Bad." The day was observed as cigarette day and a talk on the subject of cigarettes was given by Clark Bender. The meeting closed with the Mizpah benediction.

Choir Has Service.

The evening service at the Epworth M. E. church Sunday was in charge of the choir, which rendered an excellent program of sacred music under the direction of the leader, W. A. Macdonald. There were about forty voices in the chorus and the large congregation which filled the church was greatly pleased with the sacred concert and instrumental numbers.

The chorus opened the program by singing from Handel's "Creation," with Mrs. V. E. Dombagh at the organ. The chorus sang wonderfully "In the Beginning," "The Marvelous Work" and "The Heav-

PENNY ANTE

THE SHARK AND THE SUCKERS.
Registered U. S. Patent Office.

By Jean Knott

ons Are Telling" with Mrs. Stewart Vermillion singing splendidly a soprano solo in "The Marvelous Work" and Mrs. Vermillion, D. J. Couille and J. W. Parland a trio in "The Heavens Are Telling."

Miss Clara Leffler, guest soloist, delighted the audience with a violin solo, "Ave Maria," by Schubert, and responded to an encore. Miss Leffler's number was much appreciated. Miss Helen Zuck played her accompaniment.

Miss Dora Jacobs, contralto soloist of the choir, sang "O Rest in the Lord," from Mendelssohn's "Elijah" and the chorus followed with "Oh Father Whose Almighty Power," Judas Macabbeus, by Handel.

An organ solo, "Fantasie Symphonique" by Cole, was beautifully played by Mrs. V. E. Dombagh, the organist, and was followed by a vocal number, a bass recitative by J. W. Parland, assisted by an invisible quartet composed of Mrs. George Greizer, Miss Dora Jacobs, S. B. Burgess and R. A. Martin. They favored the audience with "A New Heaven and a New Earth," "The Holy City," by Gounod, which was very much enjoyed.

Mr. Couille sang a tenor solo, "There is a Green Hill Far Away." The closing numbers were a splendid duet by Mr. Couille and Mr. Parland, entitled, "Watchman, What of the Night," by Sergeant, and another selection by the chorus, "Sanctus," St. Cecilia's Mass, by Gounod.

Dr. Jesse Swank preached Sunday morning on "Three Blind Men." At Sunday-school where 1,468 were in attendance Sunday morning, Miss Lillian Watkins, field secretary of the Methodist Training school in Chicago, gave an address. In the evening Mrs. John Harris, a returned missionary from India, addressed the Epworth league.

Preach at Trinity.

Rev. J. G. Beard of the Emmanuel Baptist church, and Dr. Lintus L. Strook, of the First Presbyterian church, preached at Trinity Baptist church yesterday morning and evening. Rev. George M. Landis, associate pastor at Trinity Baptist church, is ill at his home of the grip.

Rev. Mr. Beard preached on "Quickened, Raised and Sitting Together with Christ." In the evening

BOWLING

Buffalo Expected to Lead.
Toledo, March 13.—Buffalo bowlers are expected to lead all out-of-town plasmiths in wood getting for both squads that roll in the American Bowling Congress here tonight, as the Bison City team comprise the "cream" of its maple ratherners.

The Caruana and the Schwab Polack poster prints are two of the star Buffalo quintets and will roll on the first squad with the thirteen other fires from the same city.

Out-of-town teams appearing also are from Cleveland, Detroit, Indianapolis, Chicago, Jacksonville, Florida, Newark, New Jersey, Cincinnati and Washington.

Prominent among these are the Central Alley Five of Indianapolis, which finished ninth at Buffalo last year with a score of 2884. The Florida team as usual, has sent its mascot in advance, a baby alligator, this being on exhibition in the tournament building.

Last night's rolling in the five man event was devoid of thrills except in one instance. Several star teams failed to measure up to expectations.

SAY AUTO IS BIG FACTOR IN CRIME

Surety Experts on Cause of the Present Lawlessness.

New York, March 13.—Drugs, unemployment, the parole and pardon of criminals, combined with men's unwillingness to give up the high life he tasted during the war were held responsible for the prevailing wave of crime, in a report issued by the National Surety company.

The automobile is the biggest factor in the crime wave, the report stated, because it facilitates the quick "get-away." Another important contributor is the acetylene torch, which enables the bank robber to penetrate vaults and safes in a few moments.

The "quick touch" method of operation recently has become popular among criminals, it is pointed out. Drug stores, silk and fur shops, chain stores, banks, garages and auto accessory stores were named as the greatest sufferers through this method—the robbers boldly driving up to the place chosen for the job, loading the loot into an automobile and covering the escape with pistol fire.

Robbed of Lifetime Savings.
New York, March 13.—Disregarding the pleas of 78-year-old William Hamilton to spare his savings of a lifetime, two youthful holdup men robbed him of \$3,600 in cash and liberty bonds in his harnessmaker's shop.

PHILLIES NOT TO RUN EIGHTH IN FIELD

Club Itself Declares Though It Has Few Illusions.

CHICAGO CUBS TO BE ESCORTED TO BASEMENT

"We Are Bad Enough, but Cubs Are Worse," People of Florida Town Told.

J.ourg, Florida, March 13.—According to no less authority than the ball club itself, you can write it down in the family Bible that the Phillies have no intention of running eighth in a field of eight National league clubs this year.

Not that they reckon themselves good. Any team that languishes in last place, for three consecutive campaigns has few illusions. It is merely that they have looked about them and like good business men, have selected their victim in advance.

The Chicago Cubs, in training on the west coast, will be pleased to learn they are to be gently but firmly escorted to the league basement and there left to their own devices. The Cincinnati Reds, now a team of comparatively slight caste, are also declared inferior.

Cubs Are Worst.
"We may be bad enough," they remark to the credulous inhabitants of this benighted Florida town, "but the Cubs are worse. What we are going to do to them will just about come within the law of manslaughter. Nice boys, the Cubs. We have nothing against them personally. Indeed our sleep has been troubled of late by quakes of conscience. It will really not be a very nice thing to trotty the Cubs the way we intend to. It seems almost like making war on women and children."

Reds No Better.
"The Reds? Not any better than the law allows, either. The Cubs are one team we will top, another might be the Reds."

And so they beguile the passing hours while awaiting for the noon train to pause slightly at the place they call the depot and the village manieurlist to pass along exactly at 5:05 on her virtuous way home.

At that, their chatter may be no idle fancy. The Cubs appear none too good, in truth, and the return of Arthur Fletcher to shortstop is certain to react to the benefit of the Phillies' chance. Philadelphia newspapermen are inclined to think kindly of their team. It may even live this down.

As the club now shapen up, can look for the best of pitching from Lee Meadows, one of the leading right-handers in the game; Hubbel, obtained from the Giants, is likely to turn in a good performance almost any day he starts and they have Jimmy Ring bally hooded for a great come-back.

BASEBALL

Moran and Players Back.
Mineral Wells, Texas, March 13.—Manager Pat Moran and his Cincinnati players returned to camp last night from Fort Worth where they broke even in a two game series with the famous "Cats" of that city. Yesterday's game went thirteen innings and was lost by the Reds to the tune of four to three. Hard training was resumed today.

Walter Johnson Has Cold.
Tampa, Fla., March 13.—Walter Johnson is finding it difficult to get into form. The big smoke has been bothered by a cold which has prevented his rounding into shape as quickly as he and Zeb Millan would

Indians Getting in Shape.
Dallas, Texas, March 13.—The Indian players are rounding into shape rapidly under the hard training they have been getting for the last few days. Stuffy Mullins was the bright star in yesterday's game with the Cardinals, driving in the tying and winning talles.

Traynor To Play Second Base.
Hot Springs, Ark., March 13.—"Pie" Traynor will play second base for the Pittsburgh Pirates regular team in the first game of the season here today. The placing of Traynor at second is an experiment toward strengthening the position. If Traynor makes good he will be given this post regularly, according to Manager Gibson. There will be daily Yanigan and regular games until Friday when the Pirates meet the White Sox in the first of the three inter-club games.

Killifer To Battle Athletics.
Catalina Island, Cal.—March 13.—Bill Killifer, pilot of the Cubs, did not relish the two beatings his charges received from the Portland Beavers and the Vernon Tigers during their sojourn on the main land and plans to take it out on the Athletics this week. Some of the light hitters will be coached in the art of smiting the ball and a few of the unsteady infielders will be taught new tricks.

WITH THE PUGS

Winner To Fight Dempsey.
New York, March 13.—To average Mr. Clifton it seems nothing short of foolhardy for any young man to go out of his way to meet Jack Dempsey, affectionately known by the rabid fistie bug as the "Manassa mauler," alone in a twenty-four foot ring enclosure. And yet it is for just a privilege, although it may be a doubtful privilege, that Tom Gibbons, of St. Paul, will do battle with Harry Grob, of Pittsburgh, in a fifteen round decision bout at Madison Square Garden.

The winner is expected to provide the next opponent for Dempsey and although the champion's terrific punches are known not to be very nourishing, still the loser's end of a heavyweight championship battle is said to be a decided balm for a bruised jaw.

Gibbons has been installed a slight favorite for the fracas tonight. This is not the first meeting between the pair—they having met on three other different occasions without any conclusive decision.

Liquor Treaties Urged.
Washington, March 13.—Negotiations of "liquor treaties" with Great Britain and Cuba, as well as putting an end to rum smuggling into this country, was said by high internal revenue officials to have been advocated by Prohibition Commissioner Haynes. Treaties were desired, it was explained, to handle the Canadian border situation and to better control exports of liquor from Cuba, the Bahamas, Bermuda to this country.

Three Prisoners Escape.
Marquette, Mich., March 13.—State police are continuing a search in all parts of the upper Michigan peninsula for three long term prisoners from the state reformatory here who, with two others, escaped from the institution. Two of the escaped convicts were captured in a swamp near the prison shortly after they broke through the roof of the reformatory.

New York, March 13.—A means of wiping out diphtheria, said to have increased from 50 to 100 per cent throughout the country during the last decade, has been found through use of the Schick test in the public schools here. It was announced by Dr. Abraham Zingher, assistant professor of hygiene at New York university medical college.

After eight years of experimentation 95 per cent of the school children given the test in New York were deemed immune to the disease, Dr. Zingher said. The length of time that a person was immune from diphtheria by the use of the old serum was about four weeks, he added, while those given the Schick test eight years ago were recently retested and found still immune.

The test, originated in Austria and improved here, consists of a series of injections of diphtheria toxin and anti-toxin. Four days after the first injection a red spot can be noticed over the place of the injection if a person is susceptible to the disease. If this spot appears, three injections are given at 10-day intervals. The test, Dr. Zingher said, does not in any way supplant the work of the diphtheria serum which is given in active cases of the disease. It is used entirely to determine whether a child is immune from the disease and also to create immunity.

Movie Star Sues Company.
Los Angeles, March 13.—Antonio Moreno, motion picture actor, has filed suit for \$129,000 against the Vitaphone company here, claiming that sum due him as salary for 76 weeks. He alleged the company had broken a contract by discharging him for refusal to work in pictures as a "co-star." He said his contract provided that he was to have nothing but "star" roles.

PREVENT FLU WITH NEW LEMONADE DRINK

Do you know that science has discovered a new kind of lemonade that has to keep the flu away?

This new discovery is a common, white powder which scientists call lergal. Simply dissolve one tablespoonful of lergal to a quart of lemonade and drink two glasses a day—morning and night.

This builds up and strengthens the millions of white corpuscles, the fighting cells. Then, when disease germs try to enter the blood, the fighting cells. Then when enough and strong enough to throw off the flu.

Lergal is also a wonderful help in relieving colds. Absolutely harmless and can be taken by children as well as adults. Most druggists have powdered lergal and the cost is insignificant compared to the good it does. Get some from Bartlett's Drug Store or J. W. Chrispin today and let this new, pleasant drink which science has discovered, protect you from influenza.—Adv.

Your New Spring Suit

We have it here—all the new weaves and patterns, including the new styles that were created this spring. Some excellent values at \$25, \$30, \$35—others cheaper. \$40 is as high as we go.

NEW PASTOR PREACHES AT CHURCH OF BRETHREN

Rev. Ralph R. Matton Delivers First Sermon.

WORKERS TOGETHER WITH GOD IS TOPIC

Says Apostle Paul Warns That Grace of God Has No Influence in Many Lives.

Rev. Ralph R. Matton preached his first sermon as pastor of the Church of the Brethren, Church street and Reed avenue, Sunday morning at the service at 10:30 o'clock. His sermon subject was "Workers Together with God." Rev. Mr. Matton came to Marion last Wednesday from Bremen.

Rev. Mr. Matton took his text from Second Corinthians 6:1, "And working together with Him, we can treat also that ye receive not the grace of God in vain." "The Apostle Paul is here warning us against what we fear is a very common fault in this day," Rev. Mr. Matton said. "So many just receive the grace of God and it has no influence in their lives."

Should Be Sincere.

"Paul says and entreats the people not to receive the grace of God in vain. It is very important that people be sincere in their religion. We must make our religion real. You ask what we mean by being real in our religion? It ought not be base, hollow, formal, sham, counterfeit, mere show, skin-deep or temporary. But genuine, sincere, thorough, solid, inward and lasting. Your religion may be weak, mingled with infirmities, but that is not the point, is it real? Is it not important that we have more reality in our religion? Look at the parables of Jesus Christ. All contrast the true believer and the mere disciple. All these bring out in a striking way the difference between reality and unreality in religion, the dangers connected therewith.

"The food of the world is the gift of God. But God does not give this independently of ourselves. We are workers together with Him. God has a purpose for the world. The purpose that God had in the creation of man and of the giving to him of such wonderful power was that man should go out and use it in His service. Man sinned and fell but God saw there must be a plan of redemption. To get the redemption we must work for it. We must be workers together with Him. To those who are saved is given the work of bringing salvation to others. We work with God or He uses us in His work. There is a great work to be done. God works through us. We are His witnesses.

"The visible church is His for the carrying forth of His kingdom. We are all workers together with God. It is not our work we are doing but God's work. It is not us at work but the Holy Spirit through us. God's power is our strength. Man climbs the heavens, conquers the sea and its storms, harnesses the lightning, bids the rocks to dissolve, makes laws, hurls empires down, does wonders, but when it comes to the salvation of a soul, he must call upon God for strength, because it is He alone who can give the required power. In His work we are doing and for His glory. If we love God we will love our fellowman, then God's purpose will be our purpose. Let us learn to love our fellowmen more. This is God's purpose in our salvation. We are all companions with God. Each of us were saved by the same Jesus. Let us go out and as John R. Mott says 'Expose men to Jesus Christ.' 'Receive not this grace of God in vain.'

HUMANE SOCIETY WOULD SAVE MONSTER

Urges Protection of Creature Found in Far-South.

Buenos Ayres, March 12.—A protest against the killing or capturing of the plesiosaurian monster, which is reported to have been seen in an Andean lake in Patagonia, has been raised by the ministry of interior by the "Sociedad Protectora de los Animales," which corresponds to the American Society for Prevention of Cruelty to Animals.

The society urges that if such an antediluvian creature exists it should be allowed to roam its native haunts unmolested. Invoking the law No. 278, dealing with cruelty to animals, the society demands that the expedition which proposes to bring back the animal alive or dead to the Buenos Ayres zoo be prohibited. The protest is voiced in a letter by Dr. Albarracín, head of the society, who calls on the ministry to instruct the governor of Chubut, a territory in the southern part of Argentina, occupying part of the tableland of Patagonia, to investigate the truth of the report of the creature's existence.

Q.—What dainty little screen star throw the first ball at the opening of the winter league baseball season in Sacramento, California?

A.—Viola Dana. The batter was

"...and we are a healthy, happy family now"

—Louis Gingras

TINGLING with abundant energy, appetites hearty, nerves strong and steady and their faces radiant with the glow of perfect health, the entire family of Louis Gingras, 9 Harrison Ave., Providence, R. I., are an eloquent tribute to the powers of Tanlac, the greatest family medicine the world has ever known.

"I've put Tanlac to the test four times right in my own family and it hasn't failed me once," declared Mr. Gingras. "My wife, my son and my daughter, as well as myself, have all been built up from a half-sick, run-down, worn-out set of people into a healthy, happy family brimful of new life and energy."

And the experience of this family is only typical of thousands of others whose statements are on file in the Tanlac offices. Hardly a day passes that does not bring scores of such messages of praise from every part of the United States and Canada from families where mother, father, son and daughter have all found health, contentment and the joys of living through simply taking a course of Tanlac.

Take, for instance, the case of John Wilner, 1571 Roosevelt Ave., Los Angeles, Calif., who says: "My wife, myself and little boy are now as healthy, happy family as you will ever see—and it's all due to Tanlac." Or that of Mrs. John Marquis and her family of sixteen living in Manchester, N. H., at 292 Belmont St. She says: "Tanalac has been the only medicine used in our house for two years and it has kept every one of the sixteen here in the best of health."

In Chicago, Frank R. Richards, of 441 South Wood St., writes: "We will never be without Tanlac in our house after the remarkable way it has built up my wife, my son and myself to where we are the very picture of health."

Jimmy O'Connell, "the \$75,000 beauty," recently purchased by the New York Giants, Jimmy was unable to connect with the star's delivery. He said he could not keep his eye on the ball.

Q.—What screen star started picture as a blonde angel at a dollar and a half a day?

A.—Helene Ferguson began as a blonde angel, allowing herself to be suspended in harness on a thin piano wire, for a heaven scene.

Q.—What famous ballet leader has a role in Wallace Reid's new picture, "The Dictator"?

A.—Theodore Kosloff, head of the Imperial Russian ballet in Los Angeles, is to appear with Wallace Reid in "The Dictator."

Q.—Under what title will Dorothy Dalton's next picture which has been announced as "The Cat That Walked Alone," be released?

A.—Dorothy's next picture will be known as "The Woman That Walked Alone."

Q.—What new photoplay is made up of three distinct stories?

A.—The new photoplay, "Woman Love Diamonds," is made from three separate stories, which center on a jewelry shop window, in which a pure white two karat diamond is displayed.

Don't Let That Cold Turn Into "Flu"

Rub Musterole on the Congested Parts.

Grippe, "Flu," Pneumonia all start the same way—with a cold. All colds are congestion and Musterole is a simple counter-irritant which brings circulation back to normal and helps prevent serious developments.

Remember that messy old mustard plaster, how it stung and blistered! It did the work all right, but Oh, it was a stern measure! Musterole has all the healing properties of grandmother's pet remedy without the stinging and blistering.

Made of pure oil of mustard, camphor, menthol and other soothing ingredients, it has been used by physicians for years for treating "Flu," Lumbago, Grippe, Pleurisy, Rheumatism, Neuralgia, Headache and Pneumonia.

It was used in our training camps during the "Flu" epidemic a few years ago. The Y. M. C. A. sent thousands of jars to France for our soldiers over there.

At the first sign of a cold, rub out

the jar of good old Musterole and rub it gently on the congested parts. You will feel a warm tingling glow as it goes into the pores. That congestion will be followed by a cooling, soothing feeling that makes you more comfortable right away.

If you have fever, ache all over, take a hot bath, drink plenty of hot water, rub on Musterole, call a doctor and go to bed. Keep warm and get plenty of fresh air. These are the best precautions you can take against serious sickness.

Keep Musterole always handy on your bathroom shelf. You can buy it at any drug store.

35c and 60c. In jars and tins. Hospital size, \$2.00.—Adv.

JUBILEE'S PARDNER

Judd Mortimer Lewis

Yesterday was Sunday and it was sunshiny all the morning till I got the cow and her dotter milked and had went to Sunday school, but when we were coming out of Sunday school I noticed Jubilee looking at me with one eye and with the other he was looking at the sky and it kinda scowling, so I looked at it and it looked like the clouds were just flying from every direction to get above where we were at, and pretty soon it began to patter down rain, and when I got home my mother said it had set in for an all day drizzle and the best thing I could do would be to stay at home for the rest of the day.

So I stayed in and Jubilee went under the house, and I went up to the attic and stuck my arms down into the holes under the eaves, and felt under all the boards on the floor, and went down cellar and moved all the fruit jars and looked everywhere, but I did not find anything. I thought maybe the house might have belonged to a pirate once upon a time and he might have had something somewhere and forgot it, but he hadn't.

I made some paste out of flour and water in the afternoon and made a kite out of the funny paper which I will have to fly if the weather ever gets good. I went to bed early, because my mother and father were trying to make up their mind whether to leave Annabel Lee with me or take her to church with them.

This morning it was clear and kinda cold. Not cold enough for a frost but cold enough for a shiver before a fog got on his pants while he was letting his dog down by a rope in his teeth. I took my funny paper kite over to the vacant lot and the bunch said it looked like a good kite if it had enough tail and its billyhead was straight and its tail-band was not loped and I laid it on the ground, while I was untangling the string and Skunk came and watched me the same as the others.

When I got the string untangled and was going to pick up my kite Skunk was standing on it and all of the sticks were broke all over, and he said, "Oh, excuse me, I did not see where I was standing," but a fella could not stand on a kite without knowing it, and he saw in my eye what I was going to do to him and he skunk out and me and Jubilee went after him and all the bunch

LORD MOUNTBATTEN TO WED WEALTHY GIRL

The wedding of Lord Louis Mountbatten, relative of the Prince of Wales, to Miss Edwina Ashley, England's wealthiest girl, soon will be announced, declare reports from London. Lord Mountbatten at present is attached to the staff of his noted kinsman, the Prince of Wales.

Miss Ashley is heiress to the huge fortune left by the late Sir Ernest Cassel, said to be valued at more than \$100,000,000. She has been wooed by many British social cavaliers. The date of her marriage has not yet been announced.

SEVEN DIE WHEN CAR DROPS FROM TRESTLE

Broken Wheel Derails the Last Coach of Train.

Atlanta, Ga., March 12.—A passenger coach on the Atlanta, Birmingham and Atlantic railroad was derailed near Union City, the car plunging 50 feet off a trestle. Seven persons were killed and nine injured.

Thirty persons were in the coach, the last of the train, when one of the wheels burst. The trestle was reached and almost crossed, when the car suddenly turned over, tearing away from the one ahead as it fell into the shallow creek.

Six men and one woman were killed and several of the injured are not expected to live. For hours rescue parties worked in the wreckage, releasing those imprisoned and removing the dead.

The following list of dead was issued by officials of the railroad: C. T. Elmore, cashier local station at Atlanta; Railroad company; W. B. McIntosh, New York; B. C. Driver, Roanoke, Ala.; W. E. Johnson, Birmingham, Ala.; R. W. Lanier, operator, Senola, Ga.; Mrs. J. H. Etheridge, Atlanta; W. M. Brooks, Manchester, Ga.

Willis Urges Ratification

Washington, March 12.—Ratification of the four-power Pacific treaty negotiated at the recent armistice conference was advocated in an address at Calvary Baptist church by Senator Frank B. Willis. He declared, however, that "if the four-power treaty is defeated the limitation of armaments treaty should also be defeated, and I should so cast my vote."

TO THE POINT

Jose M. Serra of the Radio Corporation of America and a Chilean, made a new world's record of 49½ words a minute for receiving continental code by wireless, and won the world's championship at the second annual radio show at New York.

Secretary of Commerce Hoover declined to accept the director generalship of the sequel-centennial exposition in Philadelphia in 1926.

Former Postmaster General Robert J. Wynne died at his home in Washington.

Theodore Brunen, circus showman, was shot and killed while reading near a window of his home at Riverside, N. J. Assassin unknown.

A total of \$49,768,346 has been paid into the treasury of the church for the Methodist centennial program.

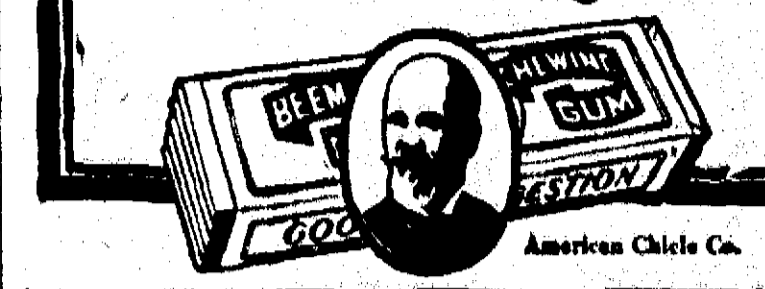

Senate passed the deficiency appropriation bill carrying \$126,895,000, or \$28,364,000 more than was appropriated by the house measure.

Few men are disappointed in love, until after they face the parson.

Are Weak Kidneys Making You Feel Older Than You Should?

Many Folks Are Older at 40 Than Others Are at 60. All Too Often Sick Kidneys Are to Blame.

ARE you one of those unfortunate folks who find yourself feeling older and slower than you should? Do you get up mornings feeling lame and stiff; drag around day after day with a constantly aching back? Evening finds you utterly worn out—fit only for bed? Do you wonder why you are beginning to feel so old—why you find it so impossible to be happy and to get from life the fun you used to have?

Then you should give some attention to your kidneys! Present day life, with its hurry and worry is mighty hard on the kidneys. The kidneys weaken, uric poisons fill the blood and upset the whole system. That's why so many folks feel years older than they really are. And all too often the true cause is overlooked until the trouble becomes chronic.

Don't neglect these early symptoms! Realize that it's just this condition that leads to hardened arteries, rheumatism, gravel, dropsy and Bright's disease. Use Doan's Kidney Pills and give your weakened kidneys the help they need. Doan's have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Marion Folks:

K. P. HILEY, steam fitter, 180 Seffner Ave., says: "I have found Doan's Kidney Pills to be a good remedy. My kidneys were out of order and my back ached and became so lame and stiff it was hard for me to do any stooping. My kidneys became irregular but I got a box of Doan's Kidney Pills from Christopher's Drug Store and they always straightened out this trouble and relieved it."

MRS. J. F. COFFEY, 460 E. Farming St., says: "My kidneys were weak and I often had spells of backache that kept me miserable. My work was such a burden I could not keep up with it. Headaches almost drove me wild. My kidneys acted too freely so I used Doan's Kidney Pills from Henney & Cooper's Drug Store. They suited my case and soon rid me of the backaches and regulated my kidneys."

Doan's Kidney Pills

At all dealers, 60c a box. Foster-Milburn Co., Mfg. Chemists, Buffalo, N. Y.
